By my third day I knew that choosing Manea was the best choice I had ever made. I have friendly and caring peers. The education and teaching skills are better than I’ve ever experienced and if I still don’t get it, I have access to free tutoring. I have freedom, respect and feel like a young adult. The teachers aren’t the enemy, they are my friends. I gained confidence, respect and responsibility. But most importantly, I gained the privilege to say I’m a part of Manea.

Don’t just take it from me, have a read about what some other students are saying about Manea on the second page.

**Dance is coming to Manea in 2013!**
**Are you interested in having Dance as one of your Year 11 and Year 12 subjects?**

Since you last contacted the College or had your interview at Manea, an afternoon/evening Dance class has been added to our timetable for next year. So if you are interested in doing Dance in 2013, contact: maneasc@education.wa.edu.au or give Rod or Paul a call.
Manea’s magnificent students have all come from other schools.

Matt:
I came to Manea from Bunbury Cathedral Grammar to do Stage 3 courses and get my uni entry. I chose to come to Manea because of its unique environment which lets students be more independent and where students are treated like young adults. I am glad I made the move.

Zillah:
Before I came to Manea Senior College, I was attending Bunbury SHS. I am doing my ATAR course. The reason I came to Manea was because it is a responsible, young adult environment, students are treated with trust and respect. The teachers are fantastic!

Oliver:
I was at Newton Moore before I came to Manea. The reasons I enjoy being a Manea student are: the young adult environment and great staff gives Manea a fantastic environment like no other, the cafeteria lady cooks great food and has a great sense of humour, there are many good looking students at Manea. Everyone gets on really well and we don’t have younger kids around.

Jasmine:
I moved from Ocean Forest Lutheran College. Some of the reasons I enjoy Manea are: everyone is friendly, students are respected – everyone is equal, there is more freedom to learn more things, everyone is understanding and the teachers are cool!

Kendall:
I came to Manea Senior College from Australind SHS. I moved to Manea because I wanted to become more independent with my learning and be a part of a young adult environment. I love being at Manea.

Jacinta:
I was originally from Bunbury Catholic College. Some of the reasons I came to Manea Senior College: You are treated as an adult and given your own choices and responsibilities. You are open to so many activities and opportunities such as Country Week, School Ball and World Challenge etc. I’m doing my Business qualification at TAFE as well as doing ATAR subjects so I am open to more opportunities in the future.

In 2012, students came to Manea Senior College from over 30 schools!
