This is a creative and exciting course if you want a career in design. You'll learn relevant industry skills from a practicing designer and you’ll graduate with a polished portfolio showcasing your best work.

Using digital design technologies, this qualification will provide you with the skills and creative thinking to succeed in the design world. You will develop a grounding in design history, colour theory, and applications. You will produce computer and hand drawings, learn how to apply design principles to two-dimensional and three-dimensional projects, learn how to work to given briefs, and work with the latest Adobe software such as Illustrator and Photoshop.

This hands-on Certificate III qualification gives you a great insight into the exciting and dynamic world of design and will provide a solid pathway to further study in this field.

Topic areas covered:

- Design Industry Knowledge
- Sketching and Drawing
- Colour Theory
- Design Elements and Principles
- The Design Process
- Typography
- Developing a digital portfolio

Enrolment procedure:

To enrol, you are required to submit an application form, complete the set design entry task and attend an interview.

Qualification and Units of Competency

On successful completion of the course, students will receive the nationally recognised CUV30311: Certificate III in Design Fundamentals qualification.

Total number of units: 12 core and 7 electives (relevant to local industry needs).

CUV30311: Certificate III in Design Fundamentals (Core Units)

I would like to apply for a place in the Certificate III Design Fundamentals Program at Manea Senior College for:

□ 2015
□ 2016
□ other _____.

Student Name:___________________________  Parent Name: _________________________________

Phone: ____________  Mobile: ____________  Email: _______________________________________

Address:______________________________________________________________________________
_____________________________________________________________________________________

Current school: ____________________________________________
Current year level: _______________________________________

I would like to combine the Design Fundamentals Course with:

□ A combination of courses that will lead me to university.
□ A combination of courses that will allow me to obtain a training qualification.
□ I’m not sure and would like to discuss my options.

Design Task

Using a software package of your choice, design the following quote into a creative postcard and type a short summary of the process you took (i.e. what software you used, what considerations you made etc, colours you chose).

POSTCARD SPECIFICATIONS:
Size: 100mm x 150mm

Quote: There are no mistakes in art, just design changes

Application Process

□ Complete and submit this form along with the Design Task and return it to Manea Senior College by 4pm on the last Friday of August.
□ Students will be expected to attend an interview to discuss aspirations and reasons for applying for the course. Students may wish to bring along a resume or portfolio to the interview to aid discussion.
□ Interviews will be held in September and applicants will be informed of exact dates closer to the time.

Please return this application along with your design task by 4pm, on the last Friday in August, to Manea Senior College at PO Box 500, Bunbury WA 6231. HAVE QUERIES? Phone Manea’s VET coordinator Jo on 9721 0600 or email joanne.herring@education.wa.edu.au
