

BSB30220 • STUDY ONLINE CERTIFICATE III IN ENTREPRENEURSHIP AND NEW BUSINESS

OVERVIEW

The Certificate III in Entrepreneurship and New Business equips you with practical skills needed to develop viable business proposals, purchase goods and services, address critical compliance requirements and manage social media marketing. This Nationally Accredited course helps unlock your potential to identify market opportunities and strengthen your knowledge base to make innovation a reality. Its well-structured curriculum develops personal skills, critical for your professional success. You can put these to work in your new venture, to grow your existing business, or to have an added advantage in your workplace.
