

Animal Care

ACM30122 - Certificate III in Animal Care Services

Dive into the world of the mammals, reptiles, birds, and fish! Our animal studies qualification will give you great foundational knowledge into the world of animal care, hygiene, feeding, and maintenance.

This qualification will introduce you to various species as well as take you on some adventures to wildlife parks, shelters, farms, and more. You will need to source and attend your own excursions so that you can get some hands on experience with different animals.

This qualification will take you through the following areas:

- Keeping yourself organised
- Introduction to Fauna
- Mammals, Birds, Reptiles, & Fish
- Health and wellbeing of yourself and the animals
- Recognising and responding to animal behaviours

HSH Classroom students visit animal farms, reptile facilities, Wildlife parks etc throughout the year, and also have multiple animal visits into the classroom. Online students are required to source their own animal encounters to complete assessment requirements.
