

Animal Marine

22608VIC - Certificate IV in Science (Biology)

Are you interested in animals? Our animal and marine-focused qualification will provide pathway opportunities into university as well as equip you for understanding the complex world of animal science.

Moving through the world of science, you'll study the following areas:

- Biological Science
- Laboratory Science
- Environmental Science
- Mathematical Science
- Research and Referencing
- Animal and Marine Science

2024

HSH Bunbury Hub
62 Wittenoom Street, Bunbury

Classroom - Terms 1 - 3.

Mandatory Entry Requirements:
C Grades for Maths, Science & English in Year 10 or 11.

- MSL943004 Participate in laboratory or field workplace safety
- VU23268 Apply essential further study skills for science
- VU23269 Research scientific fields of study
- VU23270 Use a range of techniques to solve mathematical problems
- VU23271 Apply mathematical techniques to scientific contexts
- ICTICT221 Identify and use specific industry standard technologies
- MSL973016 Perform aseptic techniques
- VU23281 Investigate cell biology
- VU23282 Investigate anatomy and physiology
- VU23283 Investigate introductory genetics
- VU23284 Investigate ecology
- VU22403 Undertake a simple investigation of an environmental issue

NATIONALLY RECOGNISED
TRAINING

Animal & Marine Science Stream:

- SFIAQU403 Manage water quality and environmental monitoring in enclosed systems
- AHCLPW406 Supervise the monitoring of biodiversity
- ACMATE511 Carry out post-mortem examination of a research animal
