At MSC each of our courses and programs aim to provide a flexible, professional, and innovative approach to the learning experience, so we offer multiple devices to suit these needs.

All students are also welcome to bring an alternative Windows or MacOS device including those already used at home.

ASUS BR12014 Flip $900.00

A standard model. This laptop is suitable for notes, research, and presentations. This laptop also features a touchscreen and pen.

ASUS ExpertBook BR1204 Flip / 12.2-inch Touch / Intel Processor N250 / 8GB RAM / 256GB SSD / Pen / Windows 11 Pro National Academic

Macbook Neo $899.00

The Macbook Neo is the middle option, featuring significantly higher performance than the ASUS BR12014 Flip despite their similar price. However, if you don't have experience with MacOS devices, you may find it difficult to use. (This laptop also does not feature a touch screen if you value that).

Macbook Neo / 13-inch / A18 Pro / 8GB RAM / 256GB SSD / MacOS Tahoe

ASUS ExpertBook J5 Flip $1,760.00

The highest-end model. This laptop features more storage and improved hardware suitable for the needs of media and design students. This laptop also features a touch screen.

ASUS ExpertBook B5 Flip / 14-inch Touch / Intel Core 5 320 / 16GB RAM / 512GB SSD / Pen / World Facing Camera / Windows 11 Pro National Academic

Media + Design Courses

Students enrolled in MSC's Design and Media based courses are not obligated to purchase the above mentioned premium model as they have full use of the College's desktop computers in class. Students are only encouraged to purchase this premium laptop if they choose to do significant amounts of media and design work outside of their classes.

Unsupported Laptops

Chromebooks have significant issues connecting to the school Wi-Fi. As such we do not recommend them.

Laptops with a Snapdragon Chip are not compatible with all Windows software. For this reason, we do not recommend those either.
